Quickes Pasteurised Mature Cheddar

Made In Newton St. Cyres Devon By The Quickes Family. A traditionally made cheddar which is left to mature for 12 months. This results in an intensity and complexity of flavour which has made this a multiple award winning cheese.

Driftwood

A high quality goats cheese made by Whitelake Cheeses in Bagborough Somerset. Made in the style of St. Maure, except this cheese has far more flavour and complexity. A beautiful texture with a subtle taste of lemons.

Dorset Blue Vinny

A cheese that had not been made for many years until Mike Davies near Sturminster Newton resurrected the recipe. The result is a cheese with a creamy texture but with a lower fat content. Vinny comes from the Old English word Vinex, meaning mould.

Goddess

Gold award winner at the 'World Cheese Awards'! This delectable semi-soft cheese is made with rich Guernsey cows' milk. The curds and rind are washed in Temperley Somerset Cider Brandy, giving the cheese a wonderful silky golden hue and a buttery, indulgent flavour with citrus notes. Pasteurised and suitable for vegetarians

Somerset Brie

Somerset Brie is creamy with a mild, fresh flavour and a soft edible white rind. The curd is the colour of straw, as it ripens from the outside in, it becomes softer, richer and with a fuller flavour. Pasteurised and vegetarian
